Happy Christmas!

We have been having lots of fun this half term learning all about winter and things we do at Christmas. We have enjoyed reading lots of Christmas and winter stories, playing in "snow", creating our own Winter Wonderland in our home corner.

We hope you enjoyed hearing our Christmas songs at our sing along and seeing some of our Christmas craft!

Keep a look out for some exciting craft coming home soon!

Counting...

During our Welly Walks we have been looking at the changes in the seasons and using natural objects to help us with our learning. We used autumnal coloured leaves to practise our colour recognition and counting. We went for a walk and found different numbers around our playground. We challenged ourselves to find the right amount of leaves to match the number e.g. 3 leaves to the number 3.
